INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the Borough Council Borough of Oceanport County of Monmouth Oceanport, New Jersey

Report on the Financial Statements

We have audited the accompanying balance sheets - regulatory basis of the various funds and the account group of the Borough of Oceanport, County of Monmouth, State of New Jersey (the "Borough") as of December 31, 2012 and 2011, the related statement of operations and change in fund balance - regulatory basis for the years then ended, the related statements of fund balance - regulatory basis for the years then ended, the statement of revenues - regulatory basis and the statement of expenditures - regulatory basis for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements listed as financial statement exhibits in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of

Auditor's Responsibility (Continued)

significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the Borough prepares its financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Borough as of December 31, 2012 and 2011, or changes in its financial position for the years then ended.

Basis for Qualified Opinion on the General Fixed Assets Account Group

The Borough did not record capital asset additions and dispositions occurring in 2012 to the General Fixed Assets Account Group - Regulatory Basis as of December 31, 2012. It was not practicable to determine capital asset additions and dispositions occurring in 2012 that should have recorded in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Basis for Disclaimer of Opinion on Length of Service Award Program Fund

The financial statements of the Length of Service Award Program ("LOSAP") Fund have not been audited, and we were not required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey to audit the LOSAP Fund financial statements as part of our audit of the Borough's financial statements. The LOSAP Fund financial activities are included in the Borough's Trust Fund, and represent 1.87% and 1.48% of the assets and liabilities, reserves and net assets of the Borough's Trust Fund as of December 31, 2012 and 2011, respectively.

Disclaimer of Opinion on Length of Service Award Program Fund

Since the financial statements of the Length of Service Award Program ("LOSAP") Fund have not been audited, and we were not required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey to audit the LOSAP Fund financial statements as part of our audit of the Borough's financial statements, we do not express an opinion on the LOSAP Fund financial statements.

Opinion on Regulatory Basis of Accounting

In our opinion, except for the effects of such adjustments had capital asset additions and dispositions occurring in 2012 been recorded to the Borough's general fixed assets account group, the regulatory basis financial statements referred to above present fairly, in all material respects, the balance sheets - regulatory basis of the various funds and the account group of the Borough as of December 31, 2012 and 2011, the statement of operations and change in fund balance - regulatory basis for the years then ended, the statements of fund balance - regulatory basis for the years then ended, the statement of revenues - regulatory basis and the statement of expenditures - regulatory basis for the year ended December 31, 2012 in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Other Matters

Our audit was conducted for the purpose of forming opinions on the financial statements, which collectively comprise the Borough's basic financial statements. The supplementary schedules and comments section listed in the table of contents are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and are not a part of the basic financial statements. Except for the LOSAP Fund supplementary schedules, such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 25, 2013 on our consideration of the Borough's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Borough's internal control over financial reporting and compliance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members of the Borough Council Borough of Oceanport County of Monmouth Oceanport, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the regulatory basis financial statements of the Borough of Oceanport, County of Monmouth, State of New Jersey (the "Borough") as of and for the year ended December 31, 2012, and the related notes to the regulatory basis financial statements, which collectively comprise the Borough's basic financial statements and have issued our report thereon dated October 25, 2013, in which we expressed an adverse opinion on the conformity of the regulatory basis financial statements with accounting principles generally accepted in the United States of America, due to the differences between those principles and the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. In addition, we expressed a qualified opinion on the regulatory basis financial statements since the Division of Local Government Services, Department of Community Affairs, State of New Jersey does not require the Length of Service Award Program Fund to be audited, and due to the effect of any adjustments that might have been determined to be necessary had capital asset additions and dispositions occurring in 2012 been recorded to the Borough's general fixed assets account group.

Internal Control Over Financial Reporting

In planning and performing our audit of the regulatory basis financial statements, we considered the Borough's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the regulatory basis financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of

Internal Control Over Financial Reporting (Continued)

deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a deficiency in internal control, described in the accompanying comments and recommendations section as Finding #2012-1, that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's regulatory basis financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Borough's Response to Findings

The Borough's response to the finding in our audit is described in the accompanying comments and recommendations section. The Borough's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

This purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2012

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The financial statements of the Borough of Oceanport, County of Monmouth, State of New Jersey (the "Borough"), include every board, body, office or commission supported and maintained wholly or in part by funds appropriated by the Borough as required by N.J.S. 40A:5-5. The financial statements of the Borough do not include the operations of the school boards, first aid squad or volunteer fire department, which are subject to separate audits.

The Governmental Accounting Standards Board ("GASB") established criteria to be used to determine if component units should be included in the financial statements of the oversight entity. These criteria differ from the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") requirements where certain boards, commissions, and agencies of a local governmental entity, by statute or other directive, report separately on their financial statements. The Borough had no component units during 2012.

B. <u>Descriptions of Funds</u>

The GASB is the recognized standard setting body for establishing governmental accounting and financial reporting principles generally accepted in the United States of America. The GASB codification establishes certain fund types to be used by general purpose governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America ("GAAP").

The accounting policies of the Borough conform to the accounting principles and practices prescribed by the Division. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the following separate funds which differ from the fund structure required by GAAP.

<u>Current Fund</u> - used to record revenues and expenditures for governmental operations of a general nature, including federal and state grant funds.

Animal Control Fund - used to record animal license revenues and expenditures.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. <u>Descriptions of Funds (continued)</u>

<u>Assessment Fund</u> - used to record transactions relative to the financing of local improvements deemed to benefit the properties against which assessments are levied.

<u>Other Trust Fund</u> - used to record assets held by the Borough in a trustee capacity or as an agent for individuals and other governmental agencies.

<u>Length of Service Award Program Fund</u> - used to record Borough contributions, changes in market value and administrative charges for program-eligible volunteers.

<u>Open Space Fund</u> - used to record receipts and disbursements relative to open space acquisition and maintenance.

General Capital Fund - used to record resources, including Federal and State Grants in aid of construction, and expenditures for the acquisition of general capital facilities, other than those acquired through the Current Fund, including the status of bonds and notes authorized for said purposes.

<u>Public Assistance Fund</u> - used to record receipt and disbursement of funds that provide assistance to certain residents of the Borough pursuant to Title 44 of New Jersey statutes.

Payroll Fund - used to record payroll related transactions.

<u>General Fixed Assets Account Group</u> - used to record fixed assets utilized in general government operations.

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from GAAP applicable to local governmental units. A modified accrual basis of accounting is followed with minor exceptions. The more significant differences are as follows:

<u>Property Taxes and Other Revenues</u> - Property taxes and other revenues are recognized on a cash basis. Receivables for property taxes and other items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

<u>Grant Revenues</u> - Federal and State grants, entitlement or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough's budget. Federal and State grant revenues received for purposes of capital projects financed by capital ordinances are recognized when received. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Accounting (continued)

Expenditures - Unexpended or uncommitted appropriations at December 31 are reported as expenditures through the establishment of appropriation reserves unless cancelled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

<u>Encumbrances</u> - Contractual orders at December 31 are reported as expenditures through the establishment of a reserve for encumbrances. Encumbrances do not constitute expenditures under GAAP.

<u>Appropriation Reserves</u> - Until lapsed at the close of the succeeding year, appropriation reserves are available to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

<u>Deferred Charges</u> - The regulatory basis of accounting utilized by the Borough requires that certain expenditures be deferred, and raised as items of appropriation in budgets of succeeding years. These deferred charges include the two general categories, overexpenditures and emergency appropriations. Overexpenditures occur when expenditures recorded as "paid or charged" exceed available appropriation balances. Emergency appropriations occur when, subsequent to the adoption of a balanced budget, the governing body authorizes the establishment of additional appropriations based on unforeseen circumstances or for other special purposes as defined by statute. Overexpenditures and emergency appropriations are deducted from total expenditures in the calculation of operating results and are established as assets for Deferred Charges on the respective balance sheets. GAAP does not permit the deferral of overexpenditures to succeeding budgets. In addition, GAAP does not recognize expenditures based on the authorization of an appropriation. Instead, the authorization of special purpose expenditures, such as the preparation of tax maps or revaluation of assessable real property, would represent the designation of fund balance.

<u>Compensated Absences</u> - Expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the Current Fund and the remaining obligations be recorded as a long-term obligation.

<u>Property Acquired for Taxes</u> – Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the general fixed assets account group at its market value.

<u>Interfunds</u> - Advances in the Current Fund are reported as interfund receivables with offsetting reserves, which are created by charges to operations. Income is recognized in the year the receivables are liquidated. GAAP does not require the establishment of an offsetting reserve.

NOTE 1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)</u>

C. Basis of Accounting (continued)

<u>Inventories of Supplies</u> - The costs of inventories of supplies for all funds are recorded as expenditures at the time of purchase. The costs of inventories are not included on the various balance sheets.

<u>Sale of Municipal Assets</u> - Cash proceeds from the sale of Borough owned property may be reserved until utilized as an item of anticipated revenue in a subsequent year budget. Year end balances of such proceeds are reported as a cash liability in the Current Fund. GAAP requires that revenue be recognized in the accounting period when the terms of the sales contract become legally enforceable.

<u>General Fixed Assets</u> – In accordance with N.J.A.C. 5:30-5.6, issued by the Local Finance Board, Department of Community Affairs, State of New Jersey, which differs in certain respects from GAAP, the Borough is required to develop a fixed assets accounting and reporting system.

Fixed assets used in governmental operations (general fixed assets) are required to be accounted for in the General Fixed Assets Account Group. Public domain (infrastructure) general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

For fixed assets acquired through December 31, 1985, valuation is required at historical cost or estimated historical cost if actual historical cost is not available. For assets acquired beginning on January 1, 1986, the required basis for valuation is historical cost. Depreciation is not required. GAAP requires fixed assets to be valued at cost and be depreciated.

D. Financial Statements

The GASB Codification also defines the financial statements of a governmental unit to be presented in general purpose financial statements in accordance with GAAP. The Borough presents its financial statements, as listed in the table of contents, as required by the Division, which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements to be referenced to the supplementary schedules. This practice differs from GAAP.

E. <u>Budgets and Budgetary Accounting</u>

An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Borough and approved by the Division in accordance with applicable statutes.

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents include cash on hand, change funds, amounts on deposit and short-term investments with original maturities of three months or less.

Deposits

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation ("FDIC"), or by any other agencies of the United States that insures deposits or the State of New Jersey Cash Management Fund.

The Governmental Unit Deposit Protection Act ("GUDPA") requires public depositories to maintain collateral for deposit of public funds that exceed insurance limits. GUDPA requires that the market value of the collateral must equal five percent of the average daily balance of public funds; or if the public funds deposited exceed seventy five percent of the capital funds of the depository, the depository must provide collateral having a market value equal to one hundred percent of the amount exceeding seventy five percent. All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

Custodial Credit Risk - The custodial credit risk for deposits is the risk that in the event of a bank failure, the Borough's deposits may not be returned to it. Although the Borough does not have a formal deposit policy for custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of GUDPA. Public funds owned by the municipality in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, bail funds, or funds that may pass to the municipality relative to the happening of a future condition. As of December 31, 2012 and 2011 the Borough's bank balances were exposed to custodial credit risk as follows:

	December 31, 2012	December 31, 2011
Uninsured and Uncollateralized Uninsured and Collateralized with Securities Held by Pledging	\$146,629.71	\$135,063.23
Financial Institutions	5,221,444.37	4,821,259.50
	\$5,368,074.08	\$4,956,322.73

In addition, as of December 31, 2012 and 2011, the Borough had \$639,003.67 and \$638,643.90, respectively, on deposit in the New Jersey Cash Management Fund (the "Fund"). These deposits are subject to custodial credit risk as described in this section. The operations of this Fund are governed by the provisions of the State Investment Council Regulations for the purpose of determining authorized investments for the Fund.

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS (continued)

Investments

- a. When authorized by a cash management plan approved pursuant to N.J.S. 40A:5-14, the Borough may use available funds for the purchase of the following types of securities, which, if suitable for registry, may be registered, in the name of the Borough:
 - (1) Bonds or other obligations of the United States or obligations guaranteed by the United States.
 - (2) Government money market mutual funds.
 - (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor.
 - (4) Bonds or other obligations of the Borough, or bonds or other obligations of school districts of which the Borough is a part or within which the school district is located.
 - (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investments, New Jersey Department of the Treasury.
 - (6) Local Government investment pools, subject to certain requirements.
 - (7) Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P. L. 1977, c. 281; or
 - (8) Agreements for the repurchase of fully collateralized securities, if:
 - (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this section;
 - (b) the custody of collateral is transferred to a third party;
 - (c) the maturity of the agreement is not more than 30 days;
 - (d) the underlying securities are purchased through a GUDPA bank;
 - (e) a master repurchase agreement providing for the custody and security of collateral is executed.
- b. Any investment instruments in which the security is not physically held by the Borough shall be covered by a third party custodial agreement, which shall provide for the designation of such investments in the name of the Borough and prevent unauthorized use of such investments.
- c. Investments are further regulated and restricted in accordance with N. J. S. 40A: 5-15.1.

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS (continued)

Investments (continued)

Custodial Credit Risk - The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The Borough does not have a formal investment policy for custodial credit risk. Length of Service Award Program investments were exposed to custodial credit risk and are invested at the discretion of each individual participant and not the Borough. The fair value and book value of the Borough's Length of Service Award Program investments as reported on December 31, 2012 and 2011 were \$462,405.28 and \$367,511.08, respectively.

Credit Risk - State law limits investments as described in prior sections of this note to the financial statements. During the year, the Borough had none of its idle funds invested in repurchase agreements collateralized by eligible securities. As of December 31, 2012 and 2011 no such investments were held by the Borough.

Interest Rate Risk - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Borough does not have a formal investment policy for interest rate risk.

NOTE 3. FIXED ASSETS

Fixed assets activity for the years ended December 31, 2012 and 2011 was as follows:

	Balance Dec. 31, 2011	Additions	Dispositions	Balance Dec. 31, 2012
Land and Buildings Machinery and Equipment	\$1,980,999.00 3,094,899.00 \$5,075,898.00	\$0.00	\$0.00	\$1,980,999.00 3,094,899.00 \$5,075,898.00
	Balance Dec. 31, 2010	Additions	Dispositions	Balance Dec. 31, 2011
Land and Buildings Machinery and Equipment	\$1,875,999.00 2,938,354.00 \$4,814,353.00	\$105,000.00 161,545.00 \$266,545.00	\$5,000.00 \$5,000.00	\$1,980,999.00 3,094,899.00 \$5,075,898.00

In 2012 the Borough was impacted by Hurricane Sandy. The accompanying flooding caused significant damage to certain of the Borough's buildings and equipment. The Borough expects to receive insurance proceeds and Federal Emergency Management Agency funds to recover most of the costs associated with the repair and replacement of assets damaged by the storm. The Borough's fixed asset inventory has not been adjusted for additions and dispositions occurring in 2012. The carrying amount of the Borough's impaired buildings and equipment that are idle as of December 31, 2012 has yet to be determined.

NOTE 4. DEBT

The Local Bond Law governs the issuance of bonds and notes to finance general municipal capital expenditures. Bonds are retired in serial installments within the regulatory period of usefulness. Bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Bond anticipation notes (the "notes") are issued to temporarily finance capital projects prior to the issuance of serial bonds. The term of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. All notes, including renewals, shall mature and be paid not later than the first day of the fifth month following the close of the tenth fiscal year next following the date of the original notes. No notes shall be renewed beyond the third anniversary date of the original notes unless an amount of such notes, at least equal to the first legally payable installment of the bonds in anticipation of which the notes are issued, is paid and retired on or before each subsequent anniversary date beyond which such notes are renewed from funds other than the proceeds of obligations. Tax anticipation notes are issued if the cash on hand is not sufficient to carry on normal operations of the municipality at any time during the year. Such notes are authorized by a resolution adopted by the governing body.

A. Long-Term Debt

The Borough's long-term bonded debt is summarized as follows:

	Date of	Original	Interest	Balance

New Jersey Environmental Infrastructure Trust and New Jersey Department of Environmental Protection Fund Loans

In 2009 the Borough issued special assessment bonds to evidence the payment obligations of the Borough in consideration of loans made to the Borough by the New Jersey Environmental Infrastructure Trust (\$6,265,000.00) and the New Jersey Department of Environmental Protection (\$16,884,779.00). A special assessment agreement has been executed between the Borough and New Jersey Sports and Exposition Authority (the "NJSEA"). At the request of the NJSEA, and agreed to by the Borough, certain public improvements to Monmouth Park Racetrack will be funded solely from loans (the "Loans") made to the Borough from the New Jersey Environmental Infrastructure Trust and the New Jersey Department of Environmental Protection. In order to further secure the Loans and the special assessment bonds, and to recover costs incurred by the Borough in connection with the issuance of the special assessment bonds and the undertaking of the public improvements, the Borough has imposed a special assessment, to be paid by the NJSEA, to be used by the Borough to repay the Loans. The Borough is ultimately responsible for the repayment of these Loans.

B. Short -Term Debt

Special Emergency Note

In 2012 a \$1,400,000.00 special emergency note was issued by the Borough's current fund to fund the special emergency authorization for Hurricane Sandy. The special emergency note matures on December 20, 2013 and was funded in the 2013 current fund budget.

NOTE 4. <u>DEBT (continued)</u>

C. Bonds and Notes Authorized but not Issued

At December 31, 2012 and 2011 the Borough had authorized but not issued bonds and notes as follows:

	Balance	Balance
	Dec. 31, 2012	Dec. 31, 2011
General Capital Fund	\$2,072,221.00	\$1,850,221.00

NOTE 5. TAXES COLLECTED IN ADVANCE

Taxes collected in advance and set forth as cash liabilities in the financial statements are as follows:

	Balance December 31,			
	2012	2011		
Prepaid Taxes	\$306,382.53	\$117,702.86		

NOTE 6. <u>DEFERRED CHARGES TO FUTURE TAXATION FUNDED AND</u> UNFUNDED

Upon the authorization of capital projects, the Borough establishes deferred charges for the cost of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. In accordance with New Jersey Statutes the Borough may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Borough raises the debt requirements for the particular year in the current budget. As funds are raised, the deferred charges are reduced.

NOTE 7. FUND BALANCES APPROPRIATED

Fund balances at December 31, 2012 and 2011, which were appropriated and included as anticipated revenue in the current fund budget for the years ending December 31, 2013 and 2012 were as follows:

For the year ended December 31, 2013,

Current Fund \$2,145,000.00

For the year ended December 31, 2012,

Current Fund \$495,000.00

NOTE 8. UNEMPLOYMENT COMPENSATION INSURANCE

Effective January 1, 1978, most municipal employees were eligible for unemployment compensation insurance (N.J.S.A. 43:21-3 et. seq.). The Borough has elected to fund a self- insured plan whereby the municipal cost and employee contributions are deposited in a trust fund from which claims, if any, will be paid. The reserves for unemployment compensation insurance at December 31, 2012, 2011 and 2010 were \$26,646.33, \$29,151.62 and \$27,591.65, respectively.

NOTE 9. ASSESSMENT AND COLLECTION OF PROPERTY TAXES

New Jersey statutes require that taxable valuation of real property be prepared by the local unit tax assessor as of October 1 in each year and filed with the County Board of Taxation by January 10 of the following year. Upon the filing of certified adopted budgets by the Borough, Local School District, Regional School District and County, the tax rate is struck by the County Tax Board based on the certified amounts in each of the taxing districts for collection to fund the budgets. Pursuant to statute, this process is to be completed on or before May 3, with a completed duplicate of the tax rolls to be delivered to the Borough tax collector on or before May 13. New Jersey statutes require that each local unit provide for sufficient anticipated cash receipts equal to the "lawful yearly expenditure" which includes the total amount of property taxes to be raised by the local unit.

Taxes are levied on an annual basis and are due quarterly on February 1, May 1, August 1, and November 1. Any taxes not paid as of December 31 are subject to tax sale and lien in the subsequent year, with the exception of bankruptcies. The date of tax sale is at the discretion of the tax collector.

The Borough is responsible for remitting one hundred percent of the school and county to the respective agency. The loss for delinquent or uncollectible accounts is borne by the Borough and not the school districts or county.

NOTE 10. SCHOOL TAXES

Regulations provide for deferral of not more than fifty percent of the annual levy when school taxes are raised for a school year and have not been requisitioned by the school district.

The Borough raises its share of local and regional school taxes on a school year basis and has elected to defer these taxes at December 31, 2012 and 2011 as follows:

	Local District School Tax		Regional High School Tax	
	2012	2011	2012	2011
Balance of tax	\$3,155,319.19	\$3,240,582.19	\$2,213,100.00	\$2,195,100.00
Deferred	1,585,121.97	1,585,121.97	900,471.63	900,471.63
Tax Payable	\$1,570,197.22	\$1,655,460.22	<u>\$1,312,628.37</u>	\$1,294,628.37

NOTE 11. PENSION PLANS

Description of Systems

The Borough contributes to the Public Employees' Retirement System ("PERS") and the Police and Firemen's Retirement System ("PFRS") cost-sharing multiple employer defined benefit pension plans administered by the Division of Pensions and Benefits in the Department of the Treasury, State of New Jersey. The plans provide retirement, death, disability benefits and medical benefits to certain qualifying members and beneficiaries. PERS was established on January 1, 1955 under the provisions of N.J.S.A. 43:15A. PFRS was established on July 1, 1944, under the provisions of N.J.S.A. 43:16A. PERS and PFRS issue publicly available financial reports that include financial statements and required supplementary information. These reports may be obtained by writing to the State of New Jersey, Division of Pensions and Benefits.

Funding Policy

PERS employee contributions were 6.50% of base wages through June 30, 2012. Effective July 1, 2012 PERS employee contributions were 6.64% of base wages. PERS prosecutor employee contributions were 10.00% of base wages. PFRS employee contributions were 10.00% of base wages. The Division of Pensions actuarially determines employer's contributions annually. Contributions to the plans for the past three years were as follows:

	PERS		PFRS
Year	Amount	Year	<u>Amount</u>
2012	\$116,989.00	2012	\$348,855.00
2011	106,141.00	2011	409,777.00
2010	92,393.00	2010	350,464.00

All contributions by the Borough were equal to the required contributions for each of the above mentioned years. In 2009, in accordance with P.L. 2009, c.19, the Borough opted to pay an amount that represented a 50% reduction of the normal and accrued liability amount of its required contribution to PERS and PFRS. In 2009 the amount of the required PERS and PFRS contribution payment deferred by the Borough was \$34,991.00 and \$154,768.50, respectively. The amount deferred is to be repaid with interest over a fifteen-year period that began in April 2012. In addition, the Borough has the option of paying off the obligation at any time.

Defined Contribution Retirement Program

The Defined Contribution Retirement Program ("DCRP") is a cost-sharing multiple employer defined contribution pension fund which was established in 2007 under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007. DCRP provides eligible members with a tax sheltered, defined contribution retirement benefit, along with life insurance and disability coverage.

Employee contributions to DCRP are five and one-half percent (5.50%) of base wages. Member contributions are matched by a three percent (3.00%) employer contribution.

NOTE 12. INTERFUND BALANCES

The balances of interfund receivables and payables at December 31, 2012 and 2011 are presented below:

	December 31, 2012	December 31, 2011
Receivables Federal and State Grant Fund	\$78,631.10	\$95,776.89
Payables Current Fund	<u>\$78,631.10</u>	<u>\$95,776.89</u>

NOTE 13. RISK MANAGEMENT

The Borough is exposed to various risks of loss related to torts, theft and damage to and destruction of assets, errors and omissions, injuries to employees, and natural disasters. The Borough is a member of the Monmouth Municipal Joint Insurance Fund (the "Fund"). The Fund is both an insured and self-administered group of municipalities established for the purpose of insuring against property damage, general liability, motor vehicles and equipment liability and workmen's compensation, and is sustained through member premiums. In addition, the Fund participates in the Municipal Excess Liability Program Joint Insurance Fund which has a contract for excess liability insurance for property. There were no settlements in excess of insurance coverage in the past three years.

NOTE 14. ACCRUED UNPAID SICK PAY BENEFITS - UNAUDITED

As discussed in Note 1 and in accordance with accounting principles prescribed by the Division, the cash basis of accounting is followed for recording the Borough's liability related to unused sick pay. The Borough permits its employees to accumulate unused sick pay, which may be taken as time off or paid at a later date at an agreed upon rate. The estimated current costs of such unpaid compensation at December 31, 2012 and 2011 were \$151,131.00 and \$84,555.00, respectively. In accordance with accounting principles and practices prescribed by the Division, this amount is not reported as an expenditure or liability in the accompanying financial statements.

NOTE 15. DEFERRED COMPENSATION

The Borough has adopted a Deferred Compensation Plan (the "Plan") in accordance with Section 457 of the Internal Revenue Code and P.L. 1977, C.381; P.L. 1978, C.39; P.L. 1980, C.78; and P.L. 1997, C.116 of the statutes of the State of New Jersey.

The Plan enables the Borough's employees to voluntarily authorize a portion of their salary to be withheld and invested in certain investments permitted under applicable regulations.

NOTE 16. POSTEMPLOYMENT RETIREMENT BENEFITS

In addition to the pension benefits described in Note 11, the Borough provides postemployment retirement health and dental coverage for employees who meet certain service requirements. Benefits consist of full medical and dental coverage and costs are reported as they are paid.

Plan Description

The Borough has a single-employer defined benefit healthcare plan with Horizon Blue Cross and Blue Shield of New Jersey (the "Fund"). The Borough provides medical, prescription and dental benefits to retirees and their spouses that meet certain eligibility requirements.

Funding Policy

The Borough's funding policy is to pay as you go.

Annual OPEB Cost and Net OPEB Obligation

The Borough's annual other post employment benefits ("OPEB") cost is calculated based on the annual required contribution ("ARC") of the employer, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period of thirty years. The following summarizes the Borough's annual OPEB cost for the year, the amount actually contributed, and changes in the Borough's net OPEB obligation:

January 1, 2012 Net OPEB Obligation	\$1,762,000.00
Plus: Annual OPEB Cost	850,087.00
	2,612,087.00
Less: Borough contributions	(258,000.00)
December 31, 2012 Net OPEB Obligation	\$2,354,087.00 *

^{*} In accordance with accounting principles and practices prescribed by the Division, the net OPEB obligation amount is not reported as an expenditure or liability in the accompanying financial statements.

Funding Status and Funding Progress

The funded status of the Fund was as follows:

Actuarial accrued liability**	\$9,461,059.00
Actuarial value of plan assets	
Unfunded actuarial accrued liability	\$9,461,059.00
Funded ratio	0%

^{**} represents accrued liability at December 31, 2012; In accordance with GASB Statement 45, the accrued liability is to be actuarially recalculated at least triennially.

NOTE 16. POSTEMPLOYMENT RETIREMENT BENEFITS (continued)

Funding Status and Funding Progress (continued)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive Plan (the plan as understood by the employer and plan members) and include types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The actuarial valuation utilized the projected unit credit cost method. The actuarial assumptions included an initial annual medical cost trend rate of 8.50%, reduced by decrements to an ultimate rate of 5.00% in 2020. The trend rate for dental benefits is 5.00%. The amortization cost for the unfunded actuarial accrued liability is on a straight line basis, for a period of thirty years.

NOTE 17. LENGTH OF SERVICE AWARD PROGRAM

The Borough has established a Length of Service Award Program to reward the members of the Borough's volunteer fire department, volunteer fire police and volunteer first aid squad for their loyal diligent and devoted service to the residents of the Borough. The Length of Service Award Program has been established under the laws of the State of New Jersey with the intent that it meets requirements under Section 457(e)(11)(B) of the Internal Revenue Code.

<u>Annual Contributions</u> - The annual contribution to be made by the Borough for each active volunteer member shall not exceed \$1,150.00 annually.

<u>Appropriations</u> - Appropriations for the purpose of funding the Borough's Length of Service Award Program are included as a separate line item in the Borough's budget.

<u>Periodic Increases</u> - Notwithstanding the provisions above, the annual contribution to be made by the Borough for each active member shall be subject to periodic increases based upon the "consumer price index factor" pursuant to subsection f. of section 3 of P.L. 1997, c. 388 (N.J.S.A. 40A:14-185).

NOTE 18. COMMITMENTS AND CONTINGENCIES

Grant Financial Assistance

The Borough receives certain financial assistance in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the financial assistance agreements and applicable regulations, including the expenditure of the funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors. As a result of these audits, costs previously reimbursed could be disallowed and require repayment to the grantor agency. The Borough's administration anticipates that no material liabilities will result from such audits.

Legal Proceedings

The Borough is party to certain legal proceedings, the resolution and impact of which, individually or in the aggregate, in the opinion of the Borough's administration, are not likely to have a material adverse impact on the Borough's financial position or adversely affect the Borough's ability to levy, collect, and enforce the collection of taxes or other revenue for the repayment of its bonds or other obligations.

Tax Appeals

As of October 25, 2013 there were various tax appeal cases pending against the Borough before the New Jersey Tax Court, requesting a reduction of assessed valuation for 2013. The Borough intends to vigorously defend its assessments in each case. Under accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the Borough does not recognize liability, if any, until a case has been adjudicated.

NOTE 19. SUBSEQUENT EVENTS

On April 4, 2013 the Borough approved a resolution authorizing a promissory note for a Community Disaster Loan in the amount of \$1,154,931.00 from the Federal Emergency Management Agency.

On August 15, 2013 the Borough adopted an ordinance wherein it guarantees the payment of principal and interest on the 2013 capital equipment lease revenue bonds of the Monmouth County Improvement Authority in a principal amount not to exceed \$125,738.90, relative to the Shore Regional School District Project.

On August 15, 2013 the Borough adopted an ordinance authorizing the issuance of bonds and notes of \$433,000.00 for various capital improvements and related expenses.

COMMENTS

YEAR ENDED DECEMBER 31, 2012

Contracts and Agreements Required to be Advertised per N.J.S. 40A:11-4

N.J.S. 40A:11-4 states "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law."

The governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed the statutory limit within the fiscal year. Where questions arise as to whether any contract or agreement might result in violation of the statute, the municipal attorney's opinion should be sought before a commitment is made.

The minutes indicated that bids were requested by public advertising for the following item:

2012 Road Program

The minutes indicated that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Our audit of expenditures did not reveal any individual payments in excess of the statutory limit for the performance of any work or the furnishing of any goods or services other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S. 40A:11-6.

Purchases, Contracts or Agreements Not Required to be Advertised by N.J.S. 40A:11-6.1

N.J.S. 40A:11-6.1 states, "For all contracts that in the aggregate are less than the bid threshold but exceed 15 percent or more of that amount, and for those contracts that are for subject matter enumerated in subsection (1) of section 5 of P.L. 1971, c. 198 (C.40A:11-5), except for paragraph (a) of that subsection concerning professional services and paragraph (b) of that subsection concerning work by employees of the contracting unit, the contracting agent shall award the contract after soliciting at least two competitive quotations, if practicable. The award shall be made to a vendor whose response is most advantageous, price and other factors considered."

Collection of Interest on Delinquent Taxes and Assessments

N.J.S. 54:4-67 provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

On January 1, 2012 the governing body adopted the following resolution authorizing interest to be charged for nonpayment of taxes:

BE IT RESOLVED that the Collector of Taxes is authorized to charge eight (8%) percent interest on delinquent taxes with a rate of $1/10^{th}$ of one percent (1%) for the first ten (10) days after each quarterly due date and eight percent (8%) for the first \$1,500 and eighteen percent (18%) for amounts over the first \$1,500 of said delinquent taxes retroactive to the quarterly due date if paid after such ten (10) days.

Based upon our audit of the tax collector's records, interest on delinquent taxes was charged in accordance with the foregoing resolution.

COMMENTS AND RECOMMENDATIONS

YEAR ENDED DECEMBER 31, 2012

COMMENTS AND RECOMMENDATIONS

YEAR ENDED DECEMBER 31, 2012

Finding #2012-1

We consider the following deficiency in internal control over financial reporting to be a significant deficiency.

Criteria

In accordance with N.J.A.C. 5:30-5.6, the Borough is required to maintain a fixed assets accounting and reporting system for controlling additions and dispositions of fixed assets.

Condition

Additions and dispositions to the fixed assets accounting and reporting system were not currently maintained in 2012.

Effect

The Borough's general fixed assets as of December 31, 2012 have not been adjusted for additions and dispositions occurring in 2012.

Recommendation

It is recommended that the Borough's fixed assets be maintained in accordance with N.J.A.C. 5:30-5.6.

Response

The Borough will maintain a fixed assets accounting and reporting system in accordance with N.J.A.C. 5:30-5.6.
